

Temporary Change in Contact Information

To be used if travelling requires a parent to place a child in the care of another for a short period of time

Brent International School Manila believes the best learning environment for a student is achieved when both home and school work together. Students may not enroll or continue to be enrolled at Brent unless at least one parent is in full-time residence with the student. We understand, however, that the need for parents to travel may arise. We request at those times this form is completed and submitted to the office.
