Solving the Assessment Puzzle: Making Assessment Understandable for All

Join internationally known educational consultant and author Carolyn Coil in this practical, hands-on workshop! In this workshop, participants will:

- Understand the many reasons for assessing students
- Look at uses and functions of pre-assessment, formative assessment and summative assessment
- Compare Standardized Assessment and Differentiated Assessment
- Learn to write learning goals and objectives that can be reliably and fairly assessed
- See ways to develop assessment criteria consistent with learning goals and objectives
- Develop and write Criteria Cards and several different types of rubrics
- Learn ways to make assessment criteria clear to students and parents
- Examine ways to assess curricular elements that are more subjective and individual in nature
- Leave the workshop with practical assessment instruments they can use in their classrooms immediately
